### ABOUT MUNYON'S PAW-PAW

Munyon's Paw-Paw is an All-Natural American Aperitif that pays homage to Dr. James Munyon and his original recipe dating back to 1903. Historically, aperitifs are meant to open the palate before a meal and contain lower alcohol content. Today our aperitif recipe is extremely versatile. Munyon's can be enjoyed neat, on the rocks, or mixed in your favorite cocktail at any time of day!

Unlike most liqueurs, whose contents are cloaked in mystery, we reveal everything that is in our recipe. The fourteen ingredients can be found detailed on the bottle. The only thing we hide is where they are written, so take some time to read the label... it will point you to where everything can be discovered!
